68th ANNUAL REPORT

In presenting its Report for 1946, the Committee of Management wishes to express its gratitude to all subscribers and loyal friends for their support and interest in the Hospital and to ask for a continuance of this help which will be so greatly needed during the forthcoming year.

During the year under review, colossal efforts have been made by both the lay and medical committees to overcome the handicap of the loss of St. Katherines as an In-Patient Department, only to be met by frustration at every point. Deputations have visited the Ministry of Health regarding St. Katherines, but re-building has again been deferred. The Minister also personally advised us that our proposal to acquire High Close, Hampstead, as an In-Patient Department should be postponed until the Regional Hospital Board is set up and has had an opportunity of considering the planning of the hospital services of the area. For the same reason, negotiations with Teaching Hospitals regarding co-operation could not be pursued. With the National Health Service Act now on the Statute Book and the future of the Hospital still in the balance, the Committee will spare no effort in their endeavours to hand over to the new Service on the "appointed day" a complete Neurological Unit in material, medical staff and auxiliary personnel.

As mentioned in the last Report, it was necessary to give up the temporary accommodation of 33 beds at Princess Louise Hospital, and the Unit was closed on May 31st, leaving us once again without an In-Patient Department. A deputation visited King Edward's Hospital Fund for London, and at their kind suggestion, the L.C.C. was approached and negotiations completed for allowing us the use of wards at St. Charles Hospital, Ladbroke Grove, W.10. Patients are now admitted to this Neurological Unit as L.C.C. patients but under the care of our own medical and nursing staff and we are responsible for the maintenance costs of any cases residing outside the London County area. The number of beds available will be increased to 60 when additional nursing and domestic staff become available. The Hospital's very sincere gratitude is extended to the London County Council and

Sir Alan Daley, Medical Officer of Health, for their kindness in granting us these facilities for the treatment of patients, and to the Medical Officer, Dr. J. Caradoc Evans, and the Matron, Miss Gibbs, for their kind co-operation in an arrangement which is so much appreciated by patients and staff.

The question of the completion of the war-damage repairs at the Out-Patient Department in Welbeck Street, deferred by the Ministry of Health last year owing to the building shortage, was re-opened, and after further consideration the Minister has agreed in principle to the revised plans submitted. Estimates are in course of preparation, and it is hoped that the re-opening of the Welbeck Street side and the linking of the two buildings will enable the Out-Patient Department to function normally, with the addition of X-ray and electro-encephalogram units.

Patients

During the year a total of 324 patients were admitted to our wards at Princess Louise Hospital and St. Charles Hospital, and of this number we were responsible for the maintenance of 201 cases. Records of the districts and counties from which they were received, will be found on page 9. New out-patients increased from 2,778 to 2,933 and attendances from 17,012 to 19,356; of this number the Electro-Convulsive Therapy Department under the charge of Dr. William Sargant was responsible for 640 attendances, and the Speech Therapy Department 2,077.

The Statistical Tables appearing on page 14 for the first time since 1938, include all in-patients for whom the Hospital was responsible for the full cost of maintenance, either at Princess Louise Hospital or St. Charles Hospital. Our patients admitted to St. Charles Hospital and for whom the L.C.C. or local authorities were mainly responsible for maintenance, are shown under a separate heading on page 9.

Finance

The closing of the wards at Princess Louise Hospital is reflected in the consequent reduction in income and expenditure for the year, income being reduced by £2,816 and expenditure

by £1,293. Regarding income, in addition to the natural decrease in contributions on account of services to patients and the non-recurrence of the special maintenance grant of £500 in 1945 from King Edward's Hospital Fund for London, amounts received from voluntary gifts were reduced by £1,523, and for the first time for many years no legacies were recorded. On the expenditure side the increased cost of commodities, especially drugs, and the adoption of the recommendations of the Joint Negotiating Committee (Hospital Staff) whereby various grades of staff were granted salary increments, must be taken into consideration. Expenditure for the year exceeded income by £978.

In extending grateful thanks to King Edward's Hospital Fund for London for continuing the maintenance grant of £2,000, the Committee also records their appreciation of the assistance received from the Fund in negotiations for in-patient accommodation.

Towards the end of the year the mortgage on the Cadbury Brown Estate, amounting to £18,500 was redeemed, and appears on the Balance Sheet, Cash in Hand (a) Endowments, until re-invested.

The Hospital's gratitude is recorded to the following for their generous and valuable help :—

Obituary

The Committee deeply regrets to announce the recent death of Mr. Hugh Paul, a Vice-President of the Hospital, and a generous subscriber for a number of years. He was keenly interested in the welfare, comfort and entertainment of both patients and nurses, especially at Christmas time, and the Committee takes this opportunity of recording its deepest sympathy with Mrs. Hugh Paul and the relatives.

Resignations and Appointments

The resignation of Lord Brassey from the Committee of Management was received with the greatest regret. Lord Brassey was chairman of the Hospital in 1912 and 1913, and has given valuable services to the Hospital during the past 37 years. The Committee are glad to know that as a Vice-President, Lord Brassey will continue his interest in the Hospital.

Owing to ill-health, it is regretted that both Sir Wavell Wakefield and Mr. Sly have resigned from the Committee of Management.

The Committee tenders congratulations to our surgeon Sir Cecil Wakeley, K.B.E., whose name was included in the Birthday Honours List, and to Mr. J. Minton, F.R.C.S., on his appointment as Hunterian Professor in Ophthalmology for 1947 at the Royal College of Surgeons.

Dr. Emanuel Miller, having resigned his appointment as Honorary Director of the Child Guidance Department and Psychiatrist, was appointed to the Consulting Staff, and was succeeded by Dr. R. D. Newton.

Dr. A. Orley resigned his appointment as Radiologist and was appointed Consulting Radiologist to the Hospital. Dr. Douglas Gordon has been appointed to fill the vacancy.

Dr. N. G. Hulbert has been appointed to fill the vacancy of Assistant Physician to the Hospital.

Dr. W. E. Underwood, O.B.E., F.R.C.S., resigned his appointment as Honorary Urologist to the Hospital and has been succeeded by Mr. A. H. Hunt, F.R.C.S.

Dr. E. H. Larkin has been appointed a Staff Psychiatrist.

Teaching

The usual quarterly M.R.C.P. Courses in Neurology have been held, 100 students attending. In addition, we have organised one course for the final F.R.C.S. (Neurology), and two courses in Clinical Psychiatry for Post-Graduates. Post-Graduates have also been admitted to the Out-Patient Clinics, to one of the Ward Rounds and to the Clinic of the Out-Patient Registrar, Dr. Frank Sargent; students have individually expressed their appreciation of the help they have received in this way.

The Speech Therapy Training School continues to progress with increasing numbers of students.

Thanks

The Committee accords its thanks to the Commissioners of Crown Lands for continuing the suspension of the rent of St. Katherines Lodge. Thanks are also due to Mr. Woolmer for his forbearance during the protracted negotiations regarding the proposed purchase of High Close, Hampstead, as an In-Patient Department. The thanks of the Committee are extended without reservation to all members of our nursing staff at St. Charles Hospital for their loyalty in preparing and cleaning the wards for the reception of patients in September at the time when the domestic shortage was acute.

In conclusion, the Committee wishes to express its debt of gratitude to the members of the honorary medical staff and all other officers actively associated with the Hospital for their services.

BRUNTISFIELD,

President.

THE STORY OF THE HOSPITAL.

The Hospital was opened in Welbeck Street in 1878 for the relief of patients suffering from Nervous Diseases, Paralysis and Epilepsy, and especially for in-door treatment of young paralysed children, for whom previously there had been scarcely any provision. The Hospital was one of the first to undertake electrical treatment.

In the early days adults attended only as out-patients, but in 1906 an Annex was taken in Bulstrode Street with 25 beds and, from time to time, additional beds were made available until, in the last war, the number reached 102.

After the first world war the Hospital acquired, with the generous help of Mr. William Salomons of New York, a Crown Lease of St. Katherine's Lodge, Regent's Park, and the in-patients were moved there in 1919. The house, which is in the Park itself and has a large garden, was in many ways ideally suited for the purpose of the Hospital's in-patients department, while the Welbeck Street premises continued to be used for out-patients.

The Hospital received generous support, particularly from those who were interested in its special purposes, among whom may be mentioned Mr. Charles Marshall and Mrs. M. Field of New York.

The recent world war has hit the Hospital particularly hard, as we have suffered severely from enemy action on no less than three occasions: the first in October, 1940, when high explosive and incendiary bombs fell in Welbeck Street premises.

Nurse Margaret Johnstone lost her life and others were severely burnt. The incident occurred on a Saturday, yet, through the kindness of friends and Messrs. Debenhams Ltd., in particular, we were able to treat out-patients on the following Monday.

The Ministry of Health agreed to the immediate repair of a portion of the Welbeck Street premises, and since this was carried out in 1941 the attendance of out-patients has averaged about 20,000 per year, though the Department is cramped by want of space.

A fortnight after the bombing at Welbeck Street a land mine fell within 50 yards of the Hospital in Regent's Park. The building suffered severe damage and had to be evacuated, while the Nurses Home nearby was also rendered uninhabitable. Mercifully, there was not a single casualty, though this was hardly credible to anyone who saw the state of the wards.

After some temporary arrangements the more serious cases were transferred to wards which were put at the Hospital's disposal in and by the Central London Throat, Nose and Ear Hospital, until June, 1942, by which time the Regent's Park building had been sufficiently repaired to be reopened, with 46 beds.

The Hospital continued to function efficiently at Regent's Park and Welbeck Street, in spite of the many war-time difficulties, until, two years later, there came the third and culminating blow.

About midnight on June 17th, 1944, a few days after the start of the Flying-bomb attack on Southern England, one of these missiles hit and very seriously damaged the Hospital and killed eleven patients and Nurse Bridget Quinn, who was on duty in her ward. Fire broke out and if it had not been for the gallantry and devotion of the staff and others who came to help, through heavy gunfire, the loss of life might have been much greater.

Temporary arrangements were made for the patients, and ultimately wards were placed at our disposal by Princess Louise Kensington Hospital, under the control of our own Nursing and Medical Staffs. The unit consisted of some 33 beds, and continued to function until May 1946 when Princess Louise Hospital required the accommodation for their own patients.

From June to the end of August 1946 it was necessary for the medical staff to admit urgent cases to other hospitals, to which they were attached until negotiations had been completed with the L.C.C. for the hospital to take over a Neurological Unit of some 60 beds at St. Charles Hospital. The wards were taken over in September, and by the end of the year 37 beds were available.
